

Mobile collaboration made easy.

Get the GoToMeeting app for iPhone and iPad.

Go mobile and stay productive by launching and attending GoToMeeting sessions on your iOS device. You can quickly share your entire screen on both iPhone and iPad, so you can host mobile demos, show a mobile app experience and more right within your meetings.

The GoToMeeting mobile app makes on-the-go meetings easier than ever. Anywhere you take your iPad or iPhone – café, hotel or wherever you happen to be – you have everything you need for mobile collaboration. Download the app from the App Store and start working together in seconds.

With the GoToMeeting app for iOS, you can:

- Launch or join a meeting with just a few taps.
- Show your whole device screen, including apps, settings and home screen.
- Present content using your mobile browser, email or cloud-sharing apps on iPad.
- View presentations, mockups and reports – whatever the presenter shares on screen.
- Communicate face to face through high-definition video conferencing.
- Connect to audio through VoIP or dial in over the phone.
- Brainstorm with the on-screen highlighter and whiteboard on iPad.
- Pinch to zoom meeting content and switch between portrait and landscape.
- See who's presenting, who's talking and a list of who's attending.
- Transfer your mobile meeting seamlessly to your Mac or vice versa.

Full device screen sharing

Enhanced mobile collaboration

Easy, intuitive layout

Say hello to mobile collaboration

Your iPad or iPhone is the perfect venue for meetings when you're away from your desk. The GoToMeeting app has a clean, lightweight design so you can easily collaborate on the go. Share slide presentations, project designs or an entire mobile app from the palm of your hand.

FAQs

1. How much does the app cost?

Nothing. The GoToMeeting app is offered free of charge. Attendees can join a GoToMeeting session at no cost. However, if you plan on hosting your own meetings, you will need a GoToMeeting subscription.

2. Can I host a meeting on my iPad or iPhone?

Of course! You can start a scheduled meeting or launch an ad hoc meeting and invite guests. Once the meeting has begun, you can easily start screen sharing or change presenters if someone else has something to show.

3. How do I get meeting audio on my iPad or iPhone without calling in?

GoToMeeting has a built-in VoIP option lets you join the meeting audio over a Wi-Fi connection or through your carrier's data plan.

4. I don't have a GoToMeeting account. How do I set up my own meetings?
